**We are an Earth Loving brand from Holland dedicated to Mother Earth, nature and all her beauty. Since 1990 we have been making certified natural skin & hair care by hand with the finest ingredients available on earth. We say no to paraffin, micro-plastics or other harsh chemicals as we think everyone deserves clean skin & hair care. With pride our products are certified natural and registered by The Vegan Society.**

# THE FOUNDATION OF EARTH LINE

At Earth Line we love healthy skin and glowing hair. We are passionate about what we do and build our brand on a very important foundation. A foundation that tells our story and the way we live, breathe and believe what clean skin & hair care should be.

## EARTH

We love her beauty and power and only use natural & organic ingredients from Mother Nature. We nurture and protect her. By buying organic and working in a sustainable way Mother Nature can thrive.

## MADE IN HOLLAND

We are proud to say we make all our products in Holland. We even do certain plant extractions ourselves. This way we can insure the highest quality and most unique & effective skin & hair care.

## HAND-MADE

All our products are made by hand. We have over 30 years experience in natural skin & hair care. We have been creating artisan products with love, passion and care since day one. We live and breathe natural & organic skin care and consider ourselves the true natural specialist.

## FINEST INGREDIENTS

We use over 100 different certified natural & organic ingredients. We travel all around the world to find the most delicate and exiting plants & herbs to use in our compositions. We incorporate Mother Nature's goodness in everything that we do.

## CERTIFIED NATURAL & ORGANIC

COSMOS  
NATURAL

Our products are certified Cosmos Organic & Cosmos Natural, BDIH, ICADA and Eco-control, the most respected certification bodies in the organic and natural cosmetics sector. These certifications guarantee that no synthetic ingredients or raw materials that can harm the environment or cause damage to human health have been used in the formulations. The Cosmos Organic & Cosmos Natural, BDIH, ICADA & Eco-control certifications are a guide for the consumer to enable a well-informed choice between skin care products that claim to be natural and those that are genuinely natural.

## VEGAN

Most of our products are registered by The Vegan Society. Products that are vegan will have this beautiful Vegan logo on it. In this brochure Vegan products are marked with the following sign: .

## 100% WIND-POWERED

All electricity that we use is produced by Dutch wind-mills. Holland is a windy country and it makes sense to use this renewable energy source.

## ISO CERTIFIED

ISO 22716 gives quality and safety guidelines to all aspects of the supply chain of cosmetic products. From growing our herbs & plants, extraction, shipment, storage until the shipment of the final product to the consumer. We are one of the few cosmetics companies worldwide to have been certified to the highest quality standard of ISO 22716.

## MICRO-PLASTIC FREE

In addition to consciously choosing for your health and your skin & hair in particular, Earth Line also stands for sustainability and the environment. We also find the worldwide growing plastic problem worrying. Earth Line skin & hair care products are therefore guaranteed free from micro-plastics. We are also proud to be able to display the "Zero plastic inside" logo. This logo confirms that we are 100% micro plastic free.

## FSC PAPER

Did you know that 36 football fields of forest world-wide disappear every minute? The Forest Stewardship Council (FSC) is an International organization committed to conservation and responsible forest management worldwide. By using FSC, Earth Line and therefore you too, contribute directly to the protection of our global forest and to a healthy living environment for people and animals worldwide.

## THE 4 KEY ELEMENTS TO HEALTHY SKIN

Healthy skin requires a unique combination of essential lipids, vitamins and antioxidants. Earth Line delivers all of the necessary nutrition needed for glowing, beautiful skin. Earth Line synergistic formulations of pure organic plant oils, active botanicals and essential vitamins are delivered in a base of vitamin E for optimized absorption and efficacy. We simply combine earth's best ingredients in our pure certified natural skin & hair care products for everyday use.

1

### VITAMIN E

#### *The photo-protective antioxidant delivery system*

This naturally occurring fat-soluble antioxidant is absolutely essential for healthy skin. Acting as a natural delivery system, vitamin E enhances the penetration and absorption of important plant lipids and botanical actives which are critical for optimal skin health. Vitamin E reduces photo-aging and the damage caused by UV exposure, thereby halting the onset of wrinkles and hyper-pigmentation. In addition to improving hydration and moisture levels in the skin by increasing water-binding capacity, vitamin E helps to fade scars, reduces wrinkles and slows down the ageing of the skin.

2

### PURE ORGANIC PLANT OILS

#### *The essential lipids for optimal skin barrier integrity*

The epidermis and the dermis of the skin are predominantly a lipid composition. It is this lipid matrix that forms the protective barrier that holds moisture in and keeps the elements, like sun and wind, out. As we age we produce fewer and fewer lipids. For optimal skin integrity we need the correct ratio of lipids such as linoleic acid and ceramides for optimal barrier function in order to boost the skin's natural capacity to retain moisture. Earth Line formulas combine Nature's most prized plant oils such as Argan, Macadamia, Coconut, Shea Butter and Jojoba to supply the skin with the perfect ratio of lipids.

3

### ESSENTIAL VITAMINS

#### *The synergistic components for healthy skin*

In addition to vitamin E, the skin needs essential co-antioxidants such as vitamin A, vitamin C and Coenzyme Q10. These essential vitamins reverse the signs of photo-aging, such as age spots and hyper-pigmentation, promote collagen production, strengthen the skin barrier, prevent moisture loss and synergistically work with vitamin E to reduce UVB induced DNA damage. Naturally sourced vitamin A from carrot extract and vitamin C provides the optimal support for vibrant, glowing skin.

4

### ACTIVE BOTANICALS

#### *The protective antioxidants & anti-aging actives*

As we age, the body's natural antioxidant levels decline. Since we are constantly under free radical stress from sun, pollution and other chemical irritants, we need an abundance of antioxidants to keep our skin young, healthy and wrinkle free. Earth Line incorporates an abundance of botanicals such as Green Tea, Lavender, Edelweiss, Comfrey and Myrrh, that offer antioxidant protection for the skin along with additional skin conditioning and anti-aging benefits.

## THE BEAUTY & POWER OF MOTHER NATURE

Our skin is our largest organ and absorbs everything. Anything put onto the skin is able to enter the bloodstream. This is why the purest ingredients are of absolute importance. Organic plant-based oils and botanical ingredients are safe, highly effective and work to balance the skin in a truly natural way.

### SOME OF OUR MOST USED ORGANIC SKIN WELLNESS INGREDIENTS:

#### JOJOBA OIL

Jojoba oil is a nutrient rich oil that shows many similarities with the fatty acids and triglycerides of the skin, making it easily absorbed. A real powerhouse because of the high concentration of vitamin E. Jojoba oil protects against moisture loss and is suitable for any skin type. Naturally contains a SPF 4.

#### CALENDULA

Calendula has been used by humans for many centuries for its beneficial properties; healing, analgesic and anti-inflammatory. The Egyptians also attribute its rejuvenating properties. Marigold contributes to the regeneration of the skin. Has a calming and soothing effect and stimulates pore contraction to prevent moisture loss.

#### MACADAMIA

Macadamia oil is of premium quality and pressed from the macadamia nut. The oil is well absorbed by the skin, forms a protective layer on the skin, smoothes the skin and gives a silky shine. The antioxidant effect fades the signs of skin aging, regenerates and softens. Naturally contains a SPF 6.

#### SHEA BUTTER

Shea butter is obtained from the nuts of the mangifolia tree in Central Africa. Leaves a fine film on the skin that retains moisture, prevents drying, helps reduce fine lines and makes the skin soft and supple. Is extremely suitable for very sensitive skin and naturally contains a SPF 3-6.

#### ROSE

Rose extract is an extract of the damas-cus rose. Moisturizes and soothes all skin types, even dry and sensitive skin. Contracts lightly, disinfects, helps repair irritations and the seductive, delicate fragrance soothes and harmonizes both skin and mind.

#### COCONUT OIL

Coconut oil is a richly soothing oil from the coconut and forms a protective film on the skin. Nourishes, moisturizes and gives a smooth feeling to the skin. Suitable for all skin types, especially for (very) sensitive and dry skin. Has antibacterial properties which are indispensable for the foot cream and deodorant.

## FACE CLEANSING

Gentle cleansing of the face is the basis of good natural care.  
The skin becomes radiantly fresh, while the biological balance remains intact.  
Clogged pores and irritations are prevented and active substances  
of follow-up products are better absorbed.  
Discover our mild cleansing products.

# FACE CLEANSING

Castor oil is a blessing for your skin. It provides optimal nutrition.

**Jojoba oil**  
Skin starts to glow when Jojoba oil is applied. We use the finest certified organic Jojoba oil we could find. It deeply penetrates the skin to soothe and soften while providing an excellent moisturizing effect.

## FACE SCRUB VITAMIN E

**WITH APRICOT KERNELS**  
Most conventional Face scrubs use plastic microbeads. These little plastic pellets don't dissolve during water treatment so end up in the ocean. We use apricot kernels that work by the natural hardness. It effectively exfoliates the skin and removes dead skin cells. The skin feels baby soft again.

This gentle exfoliating cream removes dead skin cells and impurities. Helps to fade fine lines and pigmentation. Precious organic Castor oil and organic Jojoba oil naturally nurture and hydrate the skin. Leaves skin soft, smooth and clear.

## FACE CARE
